Re: Tank 30 and Tank 31  
Dallas, Dallas County  
Account ID No. DB-0378-S

Dear Mr. Kirkham:

This is in response to your exemption registration, Form PI-7, concerning the installation of the referenced asphalt storage tanks at your facility in Dallas, Dallas County. We understand the estimated routine emissions are 1 ton per year (tpy) of volatile organic compounds and 10 tpy of particulate matter.

After evaluation of the information which you have furnished, we have determined that your installations are exempt from permitting procedures under 30 Texas Administrative Code (TAC) Section 106.472 if constructed and operated as described in your registration request. This exemption was authorized by the Executive Director of the Texas Natural Resource Conservation Commission (TNRCC) pursuant to 30 TAC Chapter 106. A copy of the exemption in effect at the time of this registration is enclosed. You must operate in accordance with all requirements of the enclosed exemption.

You are reminded that regardless of whether a permit is required, these facilities must be in compliance with all rules and regulations of the TNRCC and of the U.S. Environmental Protection Agency at all times.
